

And that's just as a lieutenant and captain.

As a sergeant, he served as a Patrol Field Supervisor, Field Training Program Manager, and Detective Supervisor. As an officer, he served as a Patrol Officer, Traffic Officer, Field Training Officer, Rangemaster, Academy Staff Officer, Planning and Research Officer, and Background Investigator.

Mark earned a bachelor's degree from California State University, Northridge, and is a graduate of POST Command College Class #26, Simi Valley Leadership Class of 1999, and the 2004 POST Executive Development Course. In his spare time, he serves as a member of the Simi Sunrise Rotary and is a board member of the Simi Valley Education Foundation and the Simi Valley Police Foundation.

Mr. Speaker, I know my colleagues will join me in thanking my friend Mark Layhew for his decades of service to the City of Simi Valley and his country, and in wishing him, his wife, Holly, and their children Godspeed.

PAYING TRIBUTE TO KEVIN PAGE

HON. JON C. PORTER

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. PORTER. Mr. Speaker, I rise today to honor Kevin Page for earning the Distinguished Nevadan Award, the most prestigious award given by the Nevada System of Higher Education Board of Regents. The award recognizes the achievements of those who have contributed to the cultural, scientific, or social advancement of Nevada.

Kevin has had an impressive academic career, graduating from the University of Nevada, Las Vegas with a bachelor's degree in finance in 1986 and an MBA one year later. He continued his involvement with UNLV through 2005 as a member of the Alumni Board, and served as board president for three of those years.

As a founding member of the Police and Fire Emerald Society of Nevada, he has been committed to helping children and youth succeed, caring for families in need, and honoring fallen heroes. From 2001 to 2004, he led Run for Heroes in raising scholarship money for the families of fallen law enforcement members and fire fighters, and helped shift some of that fundraising to the Golf for Heroes program in 2004.

Kevin's interest in helping students goes beyond the families of law enforcement and fire officials. Through his Kiwanis Club membership, he has raised more scholarship money for high school Key Clubs and to support Clark County School District Varsity Quiz programs.

Mr. Speaker, I am proud to congratulate Kevin Page, winner of the Distinguished Nevadan Award and dedicated volunteer. His fundraising efforts and foundation of the Emerald Society have made a tremendous impact on the Las Vegas community.

TRIBUTE TO MONTGOMERY COUNTY, MARYLAND

HON. CHRIS VAN HOLLEN

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. VAN HOLLEN. Mr. Speaker, it is with great pleasure that I rise to congratulate Montgomery County, Maryland, on being recognized for the third straight year by the U.S. Environmental Protection Agency's Green Power Partnership as one of the Nation's top ten local government green power purchasers.

For many years, Montgomery County has set a precedent for the consumption of renewable energy sources. Its buying group, which is now at the forefront of an innovative and unique wind energy purchase, was noted by the EPA as one of the top 25 largest national purchasers of green power. Its pioneering purchases have promoted a cleaner and more environmentally-safe approach to energy consumption in our community. Furthermore, this purchase also represents the Nation's first effort on the part of a local government to include renewable energy in the State's plan to implement air quality improvements under the federal Clean Air Act.

Montgomery County has long been a leader in the field of clean energy. In 2004, under Montgomery County Executive Douglas M. Duncan's leadership, the County began purchasing five percent of its energy from wind. In April 2006, County Executive Duncan and the County Council committed to increasing the County's renewable energy purchase to 20 percent of its total electricity use over the next 5 years. Significantly, Montgomery County has been actively encouraging residents to join these efforts by purchasing clean energy for their homes, businesses, and community organizations.

Mr. Speaker, I urge my colleagues to join me in saluting Montgomery County, Maryland, for its groundbreaking commitment to increasing the overall consumption of renewable energy sources now and in the years to come.

PAYING TRIBUTE TO MARIE McMILLAN

HON. JON C. PORTER

OF NEVADA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 26, 2006

Mr. PORTER. Mr. Speaker, I rise today to honor Marie Stever Daly McMillan for earning the Distinguished Nevadan Award, the most prestigious award given by the Nevada System of Higher Education Board of Regents. The award recognizes achievements of those who have contributed to the cultural, scientific, or social advancement of Nevada.

In 1957, Marie and her husband, Duke Daly, moved to Nevada to work at the Nevada Test Site during the pioneering nuclear testing era, and developed and implemented protocols for the management of classified documents. Her work in this capacity was vital, as the nuclear information had to be kept secret, but still available to the scientists working on the projects.

Although her work to preserve the confidentiality of nuclear secrets was important, her

aviation career is what she is best known for. In 1978, Marie learned that the U.S. Aeronautic Association was looking for pilots to break records in honor of the 75th anniversary of the Wright brothers' flight. She decided not to break a record, but to set a new one. On December 16, 1978, she set her first record for speed between two cities. Over the next 10 years, Marie set hundreds more, and she currently holds 656 aviation records.

In addition to setting records, Marie has served as the U.S. Delegate to numerous Federation Aeronautique International Conferences, and she has won many awards and honors. She served as a flight instructor for over 25 years, where she taught people, from teenagers and Las Vegas Metropolitan Police Officers, how to fly. She also served for 10 years as Clark County Department of Aviation public information representative to McCarran Airport, where she had the opportunity to teach schoolchildren about aviation careers.

Dedicated to encouraging young women to pursue careers in aviation and technical fields, Marie has developed a local "Wings" program as a part of the Girl Scouts. She also has devoted countless hours and her plane to carry medical personnel and supplies to Mexico and, through Wings for Direct Relief, transported supplies to California so they could be shipped to South America.

Mr. Speaker, I am proud to congratulate Marie McMillan, winner of the Distinguished Nevadan Award and aviation pioneer. I commend her dedication to the community, which exemplifies her strong character, innovation, leadership, and service.

HONORING THE ALPHA PHI ALPHA FRATERNITY ON THE OCCASION OF ITS 100TH ANNIVERSARY

SPEECH OF

HON. AL GREEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 25, 2006

Mr. AL GREEN of Texas. Mr. Speaker, I rise in support of H. Con. Res. 384, a resolution recognizing and honoring the 100th anniversary of the founding of the Alpha Phi Alpha Fraternity, Incorporated, the first intercollegiate Greek-letter fraternity established for African Americans.

Since its founding on December 4, 1906, Alpha Phi Alpha Fraternity, Inc., has provided voice, vision, and pride to the struggle of African-Americans and persons of African descent around the globe.

Alpha Phi Alpha, was founded at Cornell University in Ithaca, New York, by seven college men who recognized the need for a strong bond of brotherhood among African descendants in this country. The visionary founders, known as the "Jewels" of the fraternity, are Henry Arthur Callis, Charles Henry Chapman, Eugene Kinckle Jones, George Biddle Kelley, Nathaniel Allison Murray, Robert Harold Ogle, and Vertner Woodson Tandy.

The fraternity initially served as a study and support group for minority students who faced racial prejudice, both educationally and socially, at Cornell. Alpha Phi Alpha chapters quickly spread to other colleges and universities, many of them historically black institutions, soon after the founding at Cornell. While
